Education

The University of Scranton — Scranton, PA
M.S. in Software Engineering, GPA: 3.61/4.00 — May 2025
Thesis Advisor: Paul M. Jackowitz, M.S.

- Thesis Project: RecipEase A web-based application that streamlines recipe creation and sharing with a focus on clarity, customization, and ease of use. The platform supports user-generated content with notes, substitutions, and personalization, aiming to make cooking more accessible for beginners while still engaging for experienced users.

The University of Scranton — Scranton, PA
B.S. in Computer Science, GPA: 3.62/4.00 — May 2024

- Magna Cum Laude
- Upsilon Pi Epsilon Honor Society

Teaching Experience

3. **Instructor of Practice** — Scranton, PA
Marywood University, Department of Science, Math, and Computer Science — Aug 2025 – Present

- Courses Taught:
  - CS 142: Introduction to Programming
  - CS 142L: Introduction to Programming Lab
  - CS 150: Object Oriented Programming
  - CS 150L: Object Oriented Programming Lab
  - CS 242: Computer Architecture
  - CS 245: Computer Data Structures
  - CS 250: Database and Applications
  - CS 322: Computer Networks
  - CS 341: Analysis of Algorithms
  - CS 490: Capstone Project
- Curriculum Development:
  - Developed complete curricula for the introductory programming sequence (CS 142/142L and CS 150/150L) during a departmental curriculum overhaul, including all lectures, assignments, lab materials, programming projects, and assessments.
  - Created or significantly updated course materials for upper-level classes including Computer Architecture, Data Structures, Database and Applications, Computer Networks, Analysis of Algorithms, and the Capstone sequence.
  - Led the transition of the program to Java, updating the introductory sequence and multiple upper-level courses to reflect modern industry standards and to establish a consistent language foundation across the curriculum.
- Service and Departmental Contributions
  - Co-advisor to the Integrated Math and Computer Science (iMACS) student club, supporting student activities and interdisciplinary engagement.
  - Served as the sole full time faculty member for the Computer Science and Information Science programs, overseeing academic direction, curriculum planning, course scheduling, major requirements, and transfer credit evaluations.

  - Represented the CS/INSC programs at admissions events, meeting prospective students, and addressing program questions.
  - Provided mentorship and support to students preparing for job interviews, job searches, graduate school applications, and letters of recommendation.
  - Led ongoing curriculum coordination with the institution's RIZE partnership, ensuring alignment of course offerings.
- Average Course Evaluations:
  - Lecture Courses: 4.81 / 5.0
  - Lab Courses: 4.60 / 5.0

2. **Graduate Teaching Assistant** — Scranton, PA
   The University of Scranton, Department of Computing Sciences — Aug 2023 – May 2025
   - Taught and facilitated Computer Science labs to approximately 30 undergraduate students per semester.
   - Assisted students with material and assignments from undergraduate computer science lectures.
   - Collaborated with faculty to teach undergraduate lectures, proctor tests, and facilitate drop-in tutoring.
   - Oversaw computer science colloquia meetings, recording sessions and coordinating grading among GTAs.
   - Facilitated GTA team meetings to share updates, and address logistical or academic concerns among GTAs.

1. **Peer Tutor** — Scranton, PA
   The University of Scranton, Office of Student Support and Success — Sep 2021 – May 2022
   - Tutored for Computer Science I and II, Discrete Structures, Calculus I.
   - Expanded upon material students learned in lecture via one-on-one or group tutoring sessions.
   - Assisted students to prepare for exams and weekly assignments.

Professional Experience

3. **Susquehanna International Group** — Bala Cynwyd, PA
   Operations Analyst Intern — Jun 2023 – Aug 2023
   - Designed and implemented a VBA program to retrieve and structure data from approximately 120 Excel files and 10 databases based on user input.
   - Initiated the transition from heavily relied upon legacy VBA code into Python scripts for improved efficiency and maintainability.
   - Designed and deployed a Python-based email alert system to notify colleagues when certain thresholds were met based off user input.

2. **Chief of Staff** — Scranton, PA
   The University of Scranton, Student Government — May 2022 – May 2023
   - Managed conflicts within Senate and Senior Staff, and advised the President and Vice President.
   - Served as Senate Parliamentarian and Election Commissioner for Fall and Spring Elections.
   - Managed event logistics and oversaw the Grocery Bingo event.
   - Student representative on the Board of Trustees University Advancement Committee.

1. **Orientation Team Leader** — Scranton, PA
   The University of Scranton, Center for Student Engagement — Oct 2021 – Oct 2022
   - Interviewed, hired, trained, mentored and oversaw a team of 60 Orientation Assistants.
   - Oversaw the Orientation and Fall-Move in programs with an incoming class of 1100 first year students.

Projects

5. **Recipe Creation and Sharing Platform "RecipEase"**
   - Spring Boot web application tailored to novice cooks to create, share, and discover recipes.
   - Integrated a prepopulated glossary of terms and ingredient substitutions dynamically to each recipe.
   - Containerized the application and PostgreSQL database using Docker for streamlined deployment.
   - Implemented user authentication with secure login and profile creation.
   - Designed role-based access control for content moderation and platform management.
4. **Spotify Data Analyzer "Wrapped Rewritten"**
   - Developed a Python-based data analysis tool to generate personalized Spotify listening analytics.
3. **Personal Portfolio Website**
   - A simple webpage providing an introduction to my background, skills, and projects.
2. **CLI Group Chat with Client-Server Communication**
   - A multi-user group chat system implemented in C with client-server communication using threads.
1. **Multi-Threaded Job Scheduler**
   - A multi-threaded job scheduler built in C on a FreeBSD Unix server to manage and execute concurrent tasks efficiently.

Leadership

The University of Scranton, Upsilon Pi Epsilon Gamma Chapter
Vice President — Apr 2025 – May 2025

- Organized Honors Society Induction Ceremony.

The University of Scranton, Upsilon Pi Epsilon Gamma Chapter
Treasurer — Apr 2024 – Apr 2025

- Organized Honors Society Induction Ceremony.

The University of Scranton, Center for Student Engagement
Orientation Assistant — Summer 2021, Summer 2023

- Collaborated with a team of Orientation Assistants to welcome incoming first year and transfer students.
- Assisted the Dean of Students with their presentation on Student Life.
- Mentored an incoming member of the Orientation team to help acclimate themselves to the program.

The University of Scranton, Student Government
Class of 2024 Senator — May 2021 – May 2022

- Advocated for student funding and resources on the Appropriations and Student Transitions Committee.
- Represented student interests on the University Governance Council, contributing to policy discussions.

The University of Scranton, Center for Service and Social Justice
Royal Tie — Sep 2021 – Dec 2021

- Provided guidance and support to a first-year student, helping them navigate academic and campus life.

Skills

Programming
Java, C, Python, HTML/Thymeleaf, CSS, JavaScript, VBA

Data Platforms
PostgreSQL, Oracle, MySQL, Hadoop

Development Tools
Spring Boot, Maven, Docker, Git/GitHub/GitLab, Mockito, JUnit
